Design and Construct
2016

SPACE
TO
GROW

As a first time shop owner, our client aspired to have an attractive store in order to provide honest advice and personalised service that supports good vision, making ones visit to the optometrist a pleasant experience. Masterplanners worked closely with our client to design and develop this exciting new space to launch their first optometrist and eyewear retail store.

Embracing our client's appreciation for a modern lux design, Masterplanners created a fantastic ambience and experience for customers. Excellent craftsmanship by our construction team was shown in the execution of this technical fitout contributing to the success of this project.

TESTIMONIAL

If I could describe MasterPlanners (MP) in their logo should really stand for "Made Perfect". As my first retail fitout project, they made everything simple for me, all I had to do was just stand back, and admire the finished piece of art. They delivered on every aspect of the project beyond expectations. Would definitely recommend them for my next project.
