## Joondalup Gate

Designed to support the patrons of Apollo Medical and Dental Centre, this pharmacy was created to provide personalised and professional health care products and services to its' customers conveniently.

With only 118 square meters to work with, Masterplanners designed and built a compact, but efficient pharmacy that was easy to navigate for both employees and patrons due to the use of high density pharmaceutical shelving and retail displays.

Providing customers with the convenience of acquiring all their medical needs in one location, the eye catching, practical and minimalistic design of this pharmacy complements the medical and dental centre effectively.
