Dedicated to delivering professional health care advice and outstanding customer service, Chinatown Pharmacy engaged Masterplanners to create a space enabling them achieve this for both the local community and the tourists alike.

Our goal was to optimise the tenancy area through strategic location of spaces, effective signage and lighting, and appropriate use of materials and finishes.

The end result was a store fit-out that provided the community with a wide-range of health care products and services in a relaxed and warm environment creating a pleasant and satisfying customer experience.
